Sec. 5. The agency shall have the power:

(a) To sell, lease or otherwise dispose of water or any rights to the use of the works of the agency; provided, however, that no such sale, lease or disposal shall be made for use outside the agency unless the board determines that the water or works involved will not be needed for use within the agency.

(b) To fix, revise, and collect rates and charges for the services, facilities, or water furnished by it.

(c) To establish rules and regulations to protect the public health in the operation of the works, to provide for the sale, distribution and use of water and the services and facilities of the works, to provide that service, facilities, or water shall not be furnished to persons against whom there are delinquent charges, and to provide for charges for the restoration of service.

(d) To provide that charges for any of its services or facilities may be collected together with and not separately from the charges for other services or facilities rendered by it, or it may contract that all such charges be collected by any other district or private or public utility, and that such charges be billed upon the same bill and collected as one item.

(e) To provide that if all or part of a bill is not paid, the agency may discontinue any or all services or facilities for which the bill is rendered.

(f) To provide for the collection of charges. Remedies for their collection and enforcement are cumulative and may be pursued alternatively or consecutively as the agency determines.

(g) To provide for a basic penalty of not more than 6 percent for nonpayment of the charges within the time and in the manner prescribed by it, and in addition to provide for a penalty of not exceeding one-half of 1 percent per

§ 81-5.2. Suspension of delivery of water to delinquent district

Sec. 5.2. The agency in its discretion may suspend delivery of water conserved by the agency or obtained by or on behalf of the agency to any district during the period in which said district is delinquent in its payment for or obligations due in respect to such water under any contract entered into by it with the agency.

(Formerly § 81-5.3, Stats.1957, c. 1234, p. 2526, § 5.3. Renumbered § 81-5.2, and amended by Stats.1959, c. 815, p. 2825, § 11.)

§ 81-5.3. Standby or availability charge

Sec. 5.3. The agency may fix a water service standby or immediate availability charge to be applied on an area, or frontage, or parcel basis, or a combination thereof, to such areas within the agency to which water service is

made available for any purpose by the agency, whether the water service is actually used or not, provided, that such charge may not be levied against unimproved property permanently dedicated to public transportation. The agency may establish schedules varying such charge according to the land uses and the degree of availability or quantity of use of such water service to the affected lands, and may restrict such charge to lands lying within one or more zones or areas of benefits established within such agency. The agency may not, however, fix a charge in excess of ten dollars (\$10) per acre per year or in excess of five dollars (\$5) per year for a parcel of less than one acre.

The agency may collect the standby or availability charge by billing the charged lands on a fiscal year basis or by other means available.

The agency may collect the standby or availability charge as a part of the annual general county tax bill provided the agency furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such cases, the standby or availability charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the standby or availability charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes.

If the agency collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

§ 81-15. Establishment of zones; institution of projects; taxation; bonds

Sec. 15. (a) [Establishment of zones] The board by resolution shall establish such zones within the agency as in the judgment of said board are necessary to equitably apportion the benefits of the agency to the lands within the respective zones. Such zones may be established within the agency without reference to the boundaries of other zones, by setting forth the descriptions thereof by metes and bounds and by entitling each of such zones by a zone number. The lands comprising a zone need not be contiguous. All zones shall be established only with respect to projects for the benefit of such zones and proceedings for the establishment of such zones may be conducted concurrently with and as a part of proceedings for the instituting of projects relating to such

zones, which proceedings shall be instituted in the manner prescribed in this section.

(b) **[Institution of projects; resolution; notice; hearing]** The board may institute projects for the financing, acquisition, constructing, maintaining, operating, extending, repairing or otherwise improving any work of benefit to single zones or two or more zones. In cases of projects for the benefit of two or more zones, such zones shall become, and shall be referred to as, participating zones. For the purpose of acquiring authority to proceed with any such project, the board shall adopt a resolution specifying its intention to undertake such project, together with the engineering estimates of the cost of same to be borne by the particular zone or participating zones and fixing a time and place for public hearing of said resolution. The resolution shall refer to a map or maps showing the general location and general construction of said project. Notice of such hearing shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation designated by the board, circulated in such zone or each of said participating zones, if there be such newspaper, and if there be no such newspaper then by posting notice for two consecutive weeks prior to said hearing in two public places designated by the board, in such zone or in each of said participating zones. Publication shall be completed at least seven days before the date of the hearing. Said notice must designate a public place in such zone or in each of said participating zones where a copy or copies of the resolution and the map or maps of the proposed project may be seen by any interested person; said resolution and map or maps must be posted in each of said public places so designated in said notice at least two weeks prior to said hearing.

(c) **[Objections; protests]** At the time and place fixed for the hearing, or at any time to which said hearing may be continued, the board shall consider all written and oral objections to the proposed project. Upon the conclusion of the hearing the board may abandon the proposed project or proceed with the same, or a portion thereof, unless prior to the conclusion of said hearing written protests have been filed against the proposed project signed by owners of real property within the zone or participating zone the assessed value of which, as shown by the last equalized assessment roll, constitutes more than one-half of the total assessed value of the real property of such zone, in which event further proceedings relating to such project must be suspended for not less than six months following the date of the conclusion of said hearing, or said proceeding may be abandoned at the discretion of the board.

(d) **[Levy and collection of taxes]** The board shall have power, in any year:

(1) To levy taxes upon all taxable property in each or any of said zones according to benefits derived or to be derived therein to pay the cost and expenses of carrying out any of the objects or purposes of this act of benefit to such zones, including the administering, acquiring, constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works of improvement established or to be established within or on behalf of said respective zones. Said taxes shall be based upon the assessment rolls used by the county for general tax purposes and shall not exceed fifty cents (\$0.50) on

each one hundred dollars (\$100) of assessed valuation, exclusive of any tax levied pursuant to subdivision (f), hereof.

(2) Said taxes shall be levied and collected together with, and not separately from taxes for county purposes, and the revenues derived from said agency taxes shall be paid into the county treasury to the credit of the agency and the respective zones thereof, and the board shall have the power to control and order the expenditure thereof; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes levied under the provisions of this section shall be expended for acquiring, constructing, maintaining, operating, extending, repairing or otherwise improving any works located in any other zone, except in the case of projects for the benefit of participating zones or for projects authorized or established outside such zone or zones, but for the benefit thereof.

(e) **[Bonded indebtedness; resolution declaring amounts necessary]** Whenever the board determines that a bonded indebtedness should be incurred by pay the cost of any work in any zone or participating zones, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Placer County within five (5) days after its adoption. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

(f) **[Special bond election; submission of question]** After the filing for record of the resolution specified in subdivision (e) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes levied upon the lands situated within the zone or participating zones, and all such lands shall be and remain liable to be taxed for such payments as provided in this act.

(g) **[Resolution calling bond election]** The board shall call such special bond election by resolution and submit to the qualified electors of said zone or participating zones the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in the resolution referred to in subdivision (e) of this section. The resolution calling the bond election shall recite the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of the resolution referred to in subdivision (e) of this section. The resolution calling such special bond election shall also state the estimated cost of the proposed work, the amount of the principal of the indebtedness to be incurred and the maximum rate of interest to be paid on said indebtedness. Said resolution shall also fix the date on which such special election shall be

held and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed six percent (6%) per annum. For the purposes of said election said board shall in said resolution calling said bond election establish a special bond election precinct or precincts within the boundaries of each zone and participating zones and may form election precincts by consolidating the precincts established for general elections in the agency to a number not exceeding six general precincts for each such special bond election precinct. Said resolution shall also designate polling places and appoint at least one inspector, one judge and one clerk for each of such special bond election precincts.

(h) **[Applicability of general election laws]** In all particulars not recited in said resolution calling said bond election, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

(i) **[Preparation of map; posting]** The board shall cause a map to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed work and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

(j) **[Publication or posting of resolution calling bond election]** Said resolution calling for such special bond election shall, prior to the date set for such election, be published in a newspaper of general circulation circulated in each zone and participating zone affected for six consecutive times if published in a daily newspaper of general circulation, or two times if published in a weekly newspaper of general circulation. The last publication of such resolution must be at least fourteen (14) days before said election, and if there be no such newspaper, then such resolution shall be posted in two public places designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

(k) **[Validity of bonds; defects or irregularities]** Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. If at such election two-thirds of the votes cast in the zone or in each of the participating zones are in favor of incurring such bonded indebtedness, then bonds for such zone or participating zones for the amount stated in such proceedings may be issued and sold as in this act provided.

(l) **[Form of bonds]** The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zones affected, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually, at the discretion of the board, each and every year on a day and date and at a place to be fixed by said board and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

(m) **[Series bonds; maturity]** The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different dates from those of any other series. The maturity dates of each series shall comply with this section. The board may fix a date not more than two (2) years from the date of issuance for the earliest maturity of each issue or series of bonds. The final maturity date of each issue or series shall not exceed forty (40) years from the time of incurring the indebtedness evidenced by such issue or series.

(n) **[Denomination of bonds; interest; coupons; signatures]** The bonds shall be issued in such denomination as the board may determine, and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of six percent (6%) per annum, and shall be made payable annually or semiannually, and the bonds of each issue or series shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of the agency, and the seal of the agency shall be affixed thereto by the clerk of the board. One of such signatures may be printed, engraved or lithographed. The interest coupons of said bonds shall be numbered consecutively and signed by the said auditor by his printed, engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officers had remained in office until the delivery of the bonds.

(o) **[Notice inviting bids; publication]** Before selling the bonds, or any part thereof, the board shall give notice not less than 10 days prior to the date of sale by publication in a newspaper of general circulation circulating in the agency inviting sealed bids in such manner as the board shall prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

(p) **[Payment of bonds; annual tax; liability of zones]** Any bonds issued under the provisions of this section, and the interest thereon, shall be paid by revenues derived from an annual tax upon all taxable property in the zone or participating zones sufficient to pay the interest and such portion of the principal of said bonds as is due or to become due before the time for making the next general tax levy. No zone nor the property therein shall be liable for the share of bonded indebtedness of any other zone, nor shall any moneys derived from taxation in any of the several zones be used in payment of principal or interest or otherwise of the share of the bonded indebtedness chargeable to any other zone. Such taxes shall be levied and collected in the respective zones or participating zones, together with and not separately from taxes for county purposes, and the revenues derived from said taxes shall be paid into the county treasury of said Placer County to the credit of the zone of payment, and thereafter paid to the agency treasurer pursuant to Section 14.3

and be used for the payment of the principal and interest on said bonds, and for no other purpose. It is hereby declared that for the purposes of any tax levied pursuant to this subdivision (p), the property so taxed within a given zone is equally benefited.
